Re: Division of Student Affairs and Success Student Funding Award

Dear NeuroTech:

I am writing on behalf of Vice Chancellor Akirah Bradley-Armstrong to notify you that the Division of Student Affairs and Success is pleased to allocate \$257.00 in funding for your project “Researching and Developing an AI Eye-Tracking via SSVEPS Brain-Computer Interface to assist disabled individuals.” This funding award is in response to the SFAC funding request you submitted in fall 2022 (the award will come from the division instead of SFAC).

Division	Department/Program	Author(s) of Proposal	Description	Amount
Student Development & Engagement/ SOMeCA	NeuroTech SC	Chris Toukmaji, Lucy Zheng, Jacqueline Bursalyan	Researching and Developing an AI Eye-Tracking via SSVEPS Brain-Computer Interface to assist disabled individuals	\$257

These funds are to be expended in the manner outlined in the funding proposal submitted by the author(s). By copy of this message to SOMeCA Assistant Director Francisco Galvan, I ask that Francisco (or the appropriate SOMeCA team member) contact Denise Ilarina of the Division of Student Affairs and Success to initiate the transfer of \$257 to the NeuroTech SC account as soon as possible.

The work that you are engaged in is critical to students and we appreciate your efforts. We wish you all the best for a successful activity.

If you have any questions about your allocation or reimbursement process, please do not hesitate to contact me at extension 9-1676 or via email at larojas@ucsc.edu.

Sincerely,

Lucy A. Rojas
Assistant Vice Chancellor & Chief of Staff
